MEMORANDUM FOR: Chief, Regulations Control Branch

VIA: Director, CIA Operations Center

FROM: [REDACTED]
Acting Director of Security

SUBJECT: Rescission of HR [REDACTED]

STATINTL

STATINTL

1. In the course of our review of the Headquarters Regulations [REDACTED] Series for purposes of update, the Office of Security has determined that HR [REDACTED] CIA Emergency Planning and Implementation, is completely out of date and no longer needed. It is requested that you take appropriate action to rescind this regulation.

STATINTL

2. For your information the function of CIA emergency preparedness planning is now assigned to the CIA Operations Center. We have coordinated the proposed rescission of this regulation with that component. The Operations Center agrees that HR [REDACTED] should be rescinded and will be proposing in the future an amendment to the Headquarters regulations concerning its role and responsibilities in the emergency preparedness area. Changes in the approach to this vital subject indicate that these amendments will be substantially different from the contents of extant regulation and suggest that the new policy should be placed elsewhere in the regulations than in the HR [REDACTED] Series.
